J. R. Shultz, the Socialist candidate for county judge from this district, was here Tuesday. He is preparing for a trip to St. Shuitz is a railroad engineera day laborer. Evidently he stands well among his neighbors, for he has repeatedly been elected tration of Edna and is now a member of the school board. He is a man who does things, and does them in the interest of the working class. How would you like that sort of a man on the county court bench? Do you be-lieve he would fix a low assess-ment for the landlords and a high one for the small home owners or tenants? Do you believe he

would build mansions for officials while the workers live in huts? Tom Swofford of Redman, returned Tuesday from a trip through Kansas and the Ozark country of Missourl with an eye out for a location. But Tom says the landlord has got nim headed off everywhere.

A cloud burst at Fredericktown Friday night washed away about three miles of Iron-Mountain track. It also washed away houses in north Fredericktown and did damage estimated at \$300,000. The wheat shocks in the fields near by were all washed away and the corn crop ruined. No lives were lost excent among animals that were drowned.

Finding the people indifferent concerning the primary election. the patriots have their rooters trying to stir up something over the races for justices and constable. There can be no absolute private title to land. All titles, whether called fee simple or otherwise, are and must be subordinate to the public title. The Socialist party strives to prevent land from being used for the purpose of exploitation and speculation. It demands the collective possession, control or enangement of land to whatever extent

of timber lands, and the reclam-ation of swamp lands. The land so reforested or reclaimed to be permanently retained as a part of the public domain.
